DEPARTMENT OF ANCESTRAL ALGORITHMS

Lukasa

In the Luba empire, court historians known as bana balute, “men of memory,” would be aided by a Lukasa memory board. While reciting epics, genealogies, and migration routes, they would run their fingers over the Lukasa’s unique features.

Memory Stone

Department of Multisensory Mementos

[1]Collect a stone from a meaningful landscape. [2]Always carry Memory Stone on your person. [3]Tap Stone on an environment you want to remember and whisper *Save*. [4]On Solstice/Equinox, hold Memory Stone and revisit each of the saved places in your mind’s eye. [5]Share memory journey with a friend.
